PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Jeraldine Anderson, d/b/a Carrizo Springs Broadcasting, respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 295A at Carrizo Springs, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 295A to Carrizo Springs, Texas as that community's second competing commercial FM service¹. Carrizo Springs is an incorporated community with a population of 5,655 people.² Carrizo Springs has its own mayor, its own schools, fire

² U.S. Census 2000

department, city offices, post office and a number of local churches. Carrizo Springs is a community that is certainly deserving of a second competing commercial FM service. The proposed channel 295A will provide additional diversity and an outlet for local self-expression to Carrizo Springs residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 295A can be allocated to Carrizo Springs, Texas, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment A) Reference coordinates for Channel 295A at Carrizo Springs, Texas are:

28 27 00 N
99 50 30 W

Should this petition be granted and Channel 295A is allotted to Carrizo Springs, Texas, Petitioner will apply for Channel 295A at Carrizo Springs and after it is authorized, will promptly construct the new facility.

The factual information provided in these Comments is correct and true to the best of my knowledge.

Respectfully submitted,
